QUARTERLY NEWSLETTER

THE YEAR AHEAD

LOOKING BACK AND MOVING FORWARD

DENNIS KATAWCZIK
President, Framesi NA

Happy 2024!

Even though the year isn't "new" anymore, I hope it's still been a great one for you. **The beginning of a new year**, in almost everyone, invites a desire to

look back at **everything you accomplished** the previous year and **look ahead to the potential** of 365 blank slates (366 this year!). One might think looking back would be at odds with a company like framesi, where **we're always seeking to innovate and move technology and the beauty industry forward**. But, there are elements to framesi that have been **company pillars since our founding in 1945 that we'll never leave behind**.

Anytime we look back, our **dedication and loyalty to the professional hairdresser** unfolds before us. If we ever have a question about how to move forward, we only have to consider which way puts the **"Stylist First,"** and we can't go wrong. Mixed in equal part into our DNA is our label: **Made in Italy**. Rooted in a tradition of **craftsmanship and meticulous attention to detail**, the label "Made in Italy" aspires us to artistry and design **excellence, sustainability, effectiveness, and authenticity**. We'll also never waver in our commitment to **quality and integrity in product development**.

Development itself is a forward leaning word. How will framesi develop in 2024, product-wise and company-wise? First, we'll continue to **listen to the requests of the hairstyling community** and offer those products you demand. Looking back, last year we did this with several **new Framcolor shades** that allowed you to deliver the **best versions of hot trends** like Cowboy Copper. We introduced our workable, brushable **COLOR LOVER DESIGN FIX & FLEX HAIR SPRAY**, the first luxury, color-safe and environmentally friendly

hair spray. We re-introduced you to **DECOLOR B PRO-FORCE** with its **Hyaluronic Acid** and **biodegradable chelator**, which **removes metal** and other minerals from the hair.

Looking forward, this year we're preparing **even more new shades**. We'll take **more leaps forward in clean and conscious beauty**. We'll continue to bring you **quick and easy-to-use products that boost your bottom line**.

What are goals for the new year, though, without some accountability? So we're extending a joint challenge to you: **Let's learn in 2024**. We're going to recommit ourselves to offering the **best and most up-to-date stylist education**: unparalleled instruction in the basics of hair coloring and Italian Style cutting that are both **timeless** and always applicable to the **"next big thing."** To that end, we're excited to unveil the **2024 IS The Hair Trend Collection** direct from Italy later this year. We're going to continue to give you the **resources you need to succeed** like the free **MORPHOSIS salon service guide** featured in this issue.

What does the year hold for you? Maybe you want to **learn a new technique...** or invent one. Maybe you want to **work with a new FRAMCOLOR line**, maybe you want your salon to be a part of the **MORPHOSIS clean and conscious beauty revolution**. Maybe you want to **increase your business or social media presence**. Maybe this is the year you **attend framesi International Congress** (we hope so!).

However you choose to grow in 2024, thanks for making framesi a part of it. We're here to support you any way we can.

MORPHOSIS SCALP AND HAIR TREATMENT LINE has been divided into 11 specialized categories, focused on specific scalp and hair characteristics which allows Stylists to offer clients solutions using a **prescribed, targeted approach**. We've done all the work so your guests can trust that you've "prescribed" them a ritual customized to their specific needs. Simply refer to this diagnostic chart, picking the column and row that applies to the unique scalp and hair needs you're trying to treat, meeting in the square that will contain the most appropriate MORPHOSIS treatment. The chart contains in-salon treatments, as well as which products clients should take home to continue treatments between salon visits.

CHART A COURSE FOR CLEANICAL SUCCESS

FOR EXAMPLE: Your guest walks in and their hair is visibly dehydrated from the dry winter weather. They also complain about a dry, itchy scalp and dandruff.

TREATMENT FOR YOUR PERSONAL USE AND FOR YOUR CLIENT.

Consulting your **MORPHOSIS** diagnostic chart, you would follow the last column (DRY/ITCHY Scalp) to the 4th row (DEHYDRATED AND VERY DRY Hair).

Your tailored regimen includes **MORPHOSIS SCALP** Exfoliate, as well as products from the **SUBLIMIS OIL** and **PURIFYING** lines that will lead the customer down the path to scalp relief and shiny, silky hair.

We're thrilled to share that **FRAMESI COLOR LOVER CURL PUDDING** was voted Best Curl Product in the Beauty Launchpad Readers' Choice Awards 2023!

What makes this award extra special is that it's not determined by industry insiders or critics, but by you - the heart and soul of the framesi Family.

CLEAN COVERAGE: INDUSTRY TAKES NOTE OF MORPHOSIS LAUNCH

Since launching in 2023, **MORPHOSIS** has swept into salons looking to offer their clients the clean and conscious beauty experience they've been asking for with products that also offer the greatest cosmetic results. Top beauty publications have started spreading the word with two top publications featuring **MORPHOSIS** in recent months.

Beauty Launchpad put the spotlight on the full **MORPHOSIS SCALP AND HAIR TREATMENT LINE** in the What's Trending column in their September/October 2023 issue. The magazine highlighted that **MORPHOSIS** "offers salon-exclusive and consumer retail products that are increasingly more innovative and sustainable, perfect for answering all your clean and conscious beauty needs." BLP extended more love to the line in their November/December 2023 issue, calling out **MORPHOSIS LOVE EXTENSION Shampoo and Conditioner** and the way it "hydrates and nourishes both your natural hair and the extensions, making the entire head of hair easy to manage and naturally voluminous."

Beauty Launchpad readers will become even more familiar with the line when a select group receives an array of **MORPHOSIS** products in BLP's March Beauty Box, which focuses on Clean offerings from across the beauty industry.

Focus on Hair also acknowledged the **MORPHOSIS** launch with a write up in November. The digital publication showcased **MORPHOSIS' "cleanicle" approach to clean beauty** and how the 11 specialized categories allow "stylists to offer clients solutions using a prescribed, targeted approach."

INTERNATIONAL CONGRESS 2023 RHODES GREECE

Framesi hairstylists know how to create unforgettable experiences, in the salon and at Framesi International Congress.

Last October, at the luxurious Rodos Palace Hotel in Rhodes, more than 1,100 professionals from around the world gathered for five unforgettable days filled with inspiration, creativity, and style.

The Framesi logo, a stylized 'f' inside a circle, is positioned at the top center. Below it, a large audience is seen from behind, looking towards a stage where a man in a suit stands. The stage is illuminated with bright spotlights and bursts of golden pyrotechnics.

framesi

*"With over 1,100 participants from 35 countries, this has been one of the most important congresses in Framesi's history," says **Fabio Franchina, President of Framesi.** "The reason for such extraordinary success lies in the growing awareness that hairdressers, now more than ever, need valuable guidance and elements to enrich their daily activities. Creativity is an intrinsic element in the hairdresser's work, but providing them with new ideas and projects significantly enhances their performance. Today, we stand at a major crossroads: hairdressers must be able to provide different support to their clients and respond effectively to their needs. Only through proper professional training can this goal be achieved."*

Seven teams of stylists from around the world enthralled the audience with unique performances, including for the first time in years, hairstylists from the USA.

**Be on the lookout for info about
this year's international congress!**

Framesi was elated to host 16 stylists at our North American headquarters just outside of Pittsburgh, PA for a Balayage Class last October. The class, taught by Italian Style Team Member and framesi Brand Ambassador Sarah Scaccia, instructed stylists on best practices and current trends for the hair painting technique, as well as how to use tools like the applicator brush and board to give clients a bright, even highlight.

Framesi Brand Education will welcome stylists back to framesi HQ for an updated Balayage Class and a 2024-2025 Trends Class in April and May of this year. If you would like more information about our upcoming framesi Education classes, including dates and registration, please call framesi Customer Service at (800) 321-9648. Did you know framesi Education can come to you? If you are interested in booking higher education for your salon, please contact Rebecca Coleman, Brand Education Manager, at rcoleman@framesi-na.com.
