STRONGER TO THE CORE

MORPHOSIS RESTRUCTURE HAIR
LEAVE-IN MOLECULAR BOOSTER

Active agents – scalp

RED GRAPE, GINGER, INCENSE

A phyto-complex from enzymatic bio-liquefaction, with purifying and soothing properties. It helps rebalance the skin's microflora, while reducing redness and discomfort, and restoring the skin's well-being.

INOSITOL

A highly-purified natural sugar (Vitamin B7) that stimulates fibroblast metabolism, while boosting elastin and collagen production. It improves skin elasticity and, in synergy with arginine, it firms up the hair follicles.

ARGININE

A natural amino acid that promotes microcirculation by stimulating the production of nitric oxide. It increases the supply of oxygen and nutrients to the hair follicles, thus supporting hair vitality and growth.

Active agents – hair

MILK THISTLE

A biomimetic micro-complex from upcycled milk thistle seeds, rich in low molecular weight peptides and antioxidants. Penetrates the hair fibres, repairs damaged keratin, stabilises bonds, and prevents breakage.

LONG-LASTING FILM-FORMING OLIGO-ESTER - 100% PLANT-BASED

A wash-resistant biodegradable film-forming agent with high affinity for keratin. Smooths and seals the cuticles, retains active ingredients, and prolongs protection.

GUAR GUM

A positively-charged natural, conditioning and biodegradable polymer, with a strong affinity for keratin. Detangles and softens the hair, reduces frizz and statics, and protects from external agents and heat.

RESTRUCTURE HAIR LEAVE-IN MOLECULAR BOOSTER

100 ml 3,4 fl. oz. 15 ml 0,5 fl. oz.

An anti-breakage, no-rinse restructuring serum for scalp and hair. Soothes, rebalances and purifies the scalp, while boosting microcirculation and improving elasticity. Rebuilds from within, plumps and strengthens the hair fibers, leaving them more resistant, thick, soft and shiny. Works in synergy with every Morphosis treatment, in the salon and at home, and adds the finishing touch to any haircare routine, for all hair types. Particularly effective in enhancing the results of the professional Morphosis Restructure ritual.

HOW TO USE: Apply directly after the most suitable Morphosis shampoo or after the Conditioner or Treatment, as needed. Towel dry the hair. Use 5-10 pumps of product on scalp and lengths, depending on hair type. Gently massage the scalp to aid absorption, then distribute evenly through to the ends. Do not rinse. Dry as usual.

FINE HAIR

Morphosis Shampoo + Restructure Hair Leave-In Molecular Booster

MEDIUM-THICK HAIR

Morphosis Shampoo + Morphosis Conditioner + Restructure Hair Leave-In Molecular Booster

THICK HAIR

Morphosis Shampoo + Morphosis Treatment + Restructure Hair Leave-In Molecular Booster

INSTANT BENEFITS
